Canon

imagePROGRAF TM Series

More Than Just the Fine Line

- Updated matte black ink for crisper lines and vibrant poster prints on plain paper
- Embedded scanner solutions available
- Security features to help protect your work

imagePROGRAF TM-510

imagePROGRAF TM-610M

INTRODUCING THE NEW TM SERIES

The imagePROGRAF TM Series offers versatility and productivity all in a compact design. With a wide range of configurations, the TM Series has everything you need to easily produce CAD documents, posters, banners, flyers, and more. Plus, with the first ever integrated scanner on the MFP models, setup and installation has never been easier.

MARKETS & APPLICATIONS

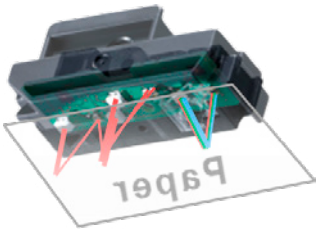

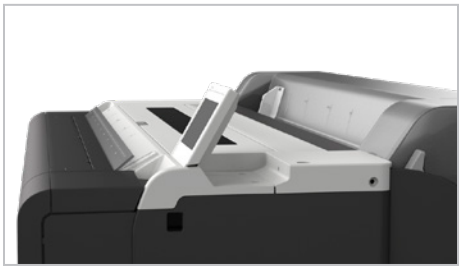

THE TM SERIES ADVANTAGE

Automatic Paper Detection
Once the media is fed into the printer, the imagePROGRAF TM Series will automatically determine the media type, length, and width, which will be shown on the display panel.

User-Friendly Design
Built for efficiency and comfort with a flat-body design for easy media loading, full-frontal operation, and adjustable user interface screen.

5-Colour LUCIA TD Pigment Ink System
Updated Matte Black ink helps to produce crisper lines, sharper text, and vivid posters on plain paper when compared to the previous TM series.

Mopria® Print Services
Easily connect to Android® and Windows® without the need to install drivers.

Speed
The imagePROGRAF TM Series can produce speeds up to 3.2 ARCH D size prints per minute (24" x 36")*.

** TM-610/615: ARCH D landscape, plain paper, text/line, fastest.*

Sub Ink Tank System
The gravity-fed ink tanks allow for virtually every drop of ink in the tank to be used. Plus, you can change inks on the fly, while the printer is printing.

The TM Series is registered as EPEAT 1.0 GOLD and ENERGY STAR certified, maintaining Canon's commitment to being environmentally conscious.

HELP PROTECT YOUR WORK

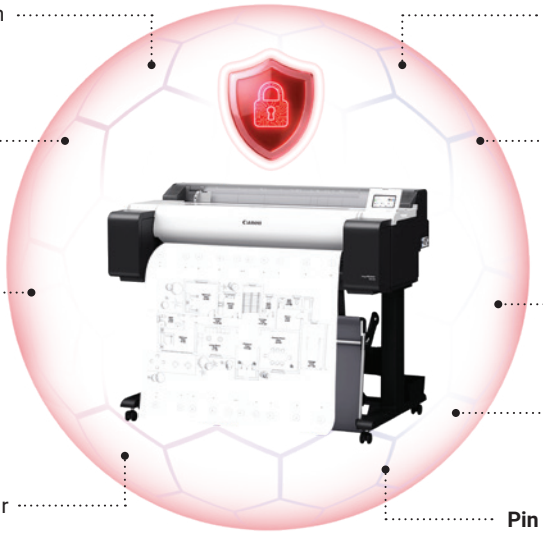

The TM Series has security features built in for peace of mind for your workspace.**

Secure Boot: Automatically restore known good BIOS if BIOS tampering is detected.

Secure Event Log: A system for centrally managing and analyzing IT device logs and monitoring for abnormal events.

Pattern Printing: Uses hidden background designs, tiny tracking dots, or specific geometric arrangements to help prevent document fraud, unauthorized copying, and counterfeiting.

TLS 1.3: Encrypts the data sent between your computer and the printer helping to block unauthorized users from reading confidential print jobs or network settings.

SNMP v3: Monitor and manage the printer over a network using encryption and user authentication.

802.1X: Acts as a digital gatekeeper to help block unauthenticated devices from connecting to your device.

Whitelisting
(Only for TM-510M & TM-610M)

HDD Encryption and HDD Secure Erase
(Only for TM-615)

Pin Code Authorization

FREE SOFTWARE

imagePROGRAF TM-615

PosterArtist Online

Quickly and easily create professional large format posters.

Accounting Manager

Easily track how much ink and paper is being consumed when printing on your imagePROGRAF printers.

Direct Print Plus

Batch print PDF, TIFF, JPEG, and HP-GL/2 files through the user-friendly interface and monitor the status of more than one imagePROGRAF device.

Media Configuration Tool

Add, remove, edit, update, and arrange media information on your imagePROGRAF devices.

Free Layout Plus

Change the layout of files and arrange them in layouts such as:

- **Fixed Layout:** Match input data to fixed size or roll paper width, and print.
- **Tiling:** Print one large image by joining multiple sheets.
- **Free Layout:** Freely arrange input data on the paper, and print.
- **Folded Duplex:** Print data arranged in a layout suitable for folding.

** 3.2 ARCH D prints/minute speed measured after first print in Fast Q5 mode, using plain paper. Print speed is based on internal testing. Print speed may vary depending on the number of copies selected, as well as on the settings for size, type, and orientation of paper.*

*** Canon products offer certain security features, yet many variables can impact the security of your devices and data. Canon does not warrant that use of its features will prevent security issues. Some security features may impact functionality/performance; you may want to test these settings in your environment.*

THE FIRST imagePROGRAF INTEGRATED
LARGE FORMAT SCANNER

imagePROGRAF
TM-510M

imagePROGRAF
TM-610M

Fast Scan and Copy Speeds:
Users can scan up to 5 inches per second in colour and up to 10 inches per second in monochrome.

EQUAL DEPTH, WIDTH, AND HEIGHT
AS SINGLE FUNCTION MODELS***
